

SkillsUSA Maryland State Championship 2018 3D Visualization and Animation (VA) Contest Update

- All teams will be asked to create a short animation of a toy appropriate for a small child. A model of the toy will be provided at the contest site.
- All teams must provide a blank USB flash drive to store and submit their 3D Animation.
- All teams must provide their own materials to submit and/or display their planning and/or Storyboarding for their animation.

Here is a short video outlining many of the Principles of Animations teams are expected to use: <https://vimeo.com/93206523> (if link does not work copy and paste to address bar)

Please view the video before the competition, Saturday, April 14, 2018.
